# iWelcome to Nogales!

For a better promotion of the city in Arizona and other states of the US, we created a "Medical and Tourist Guide" so it can be very helpful for doctors and service providers that trust in Nogales.

From the begging, two years ago, we have promoted this border in Arizona and Sonora to bring in more investors and tourists, and we can see this in the empresarial and social environment, because we are the peaceful border of Mexico.

That's why, with proud, we present this guide that wants to make easier for tourists and foreign people to found a doctor or recreational areas they might like.

**Temo Galindo**  
Mayor of the City of Nogales
